### Comments:

At last we have rain for the gardens. Unfortunately for us, a lot of this rain was deposited on Preston Park shortly before the race started! This made the route quite soft in places. Added to this, we had to amend the course due to the vintage fire engine rally (did anyone spot Paul or Jim?). Fortunately, marshall Jon Williams gallantly blocked the fire engines with his "chariot" to protect the runners. For once, we were over the 5kms....the consensus being a distance of three and a quarter miles (about 5.2kms).

The changed conditions led to a close race up front between Mike and Rosie. Using her superior cross country skills, Rosie was never far off Mike's shoulder. It was only in the final tarmac stretch that he managed to forge clear to take the victory. Andy Pearson followed in third place followed closely by Chris Rumsey.

Another close battle took place for 2nd lady. Only four seconds separated Kath Aspin from Louise Trainor as they crossed the line. They are in the same age category and both have only completed in two events. If they both compete at Cowpen on the 14th July, it could be a titanic battle between them.

Despite the inclement conditions, most runners enjoyed the event based on the feedback we received. Many thanks to all 137 "stotans" who ran. Not everyone can be a winner but I'm sure most of you gain personal satisfaction from your performances. I was indebted on the evening to my colleagues from work for their support. Once again the Marsh House ladies together with Josie and Barry from NYMAC made up the core of the marshalling team. Thanks to Jon for assisting at the last moment and for "selecting" the spot prize winners. Stockton Council's support was invaluable in providing the venue, and I'd like to mention the Café girls and Vicky for their efforts on our behalf.

Our next event is the last scoring event in the series. This is at Cowpen Bewley Country Park on Thursday 14th July. The traditional handicap event will be on 11th August at Wynyard. More details about this and the current points position later.

Roy ( and who could forget Bob and Rob!

ideal time = 15:25

\*Points = (15:25 / Time \* 100)

The Tees Trail Races take place on woodland or grass tracks at a variety of local countryside sites around The Tees Valley and are approx. 5Km in length. The races are open to anyone 15 years of age or over and attract a wider variety of different ability runners and we are always supportive of encouraging novice or less experienced runners to participate to promote active lifestyles. For more details visit [www.teestrailraces.org](http://www.teestrailraces.org).
