Comments:

We were fortunate to avoid the heavy rain which fell just before the start, and also the downpour which occurred shortly after the finish. We ran anti-clockwise this year, and reduced the course by about 80m to get closer to the 5kms target distance. Gary Grounds ran out a convincing winner in the men's race ahead of the Wilson brothers. Michelle Scott had a similar comfortable margin over Sharon Gayter and Kath Aspin when winning the ladies event. With 3 races completed the age group leader boards are taking shape but, with many runners having only done 2 out of the 3 events, it would not be appropriate to list the current standings as considerable changes are likely. These will be displayed after the fourth fixture at South Park, Darlington. I must however take this opportunity to mention the tussle in M55 between NYMAC's Ken Farrell and Eddie Meehan. Ken currently has a lead over Eddie of just 0.01 points!

Thanks are due to Tony, the Summerhill manager, who led the race on his cycle and also to the marshalls, some of whom were out in the cloud burst and fortunately survived. Also to Emma, the Lucozade scientist, who gave out advice and free goodies to all runners."

Thanks again.

Roy
